UNLOCK THE FUTURE WITH AXON 2026
A Private Investor Reception by Invitation Only

16.00 - 19.00 | Monday, April 20th 2026
Location TBA, Riyadh, KSA

UNLOCK THE FUTURE WITH AXON 2026

AXON is building a regulated, compliance-by-design infrastructure stack with two cornerstone products:

Axon Transfer & PAY - A pluggable cross-border orchestration platform that unifies payments, rails, compliance, routing, reconciliation, and settlement transparency through one integration layer.

Axon Lend - An embedded liquidity layer designed to enable instant settlement and structured financing (including BNPL-like outcomes) without competing directly with incumbent consumer lenders.

THE RECEPTION WILL FOCUS ON AXON'S INVESTMENT THESIS AND ITS ROLE IN ENABLING HIGH-GROWTH TRADE AND PAYMENT CORRIDORS WITH A NEAR-TERM FOCUS ON KSA AND THE UAE AND EXPANSION ACROSS STRATEGIC GCC ↔ ROW ROUTES.

THE PRE-SEED INVESTMENT OPPORTUNITY

AXON is opening a limited pre-seed round to a small group of strategic investors. This round represents an opportunity to invest in the GCC's emerging connective infrastructure layer ahead of expanded regional licensing and institutional rollout.

We are seeking long-term partners aligned with Vision 2030 priorities, with the capability to support expansion across KSA and the UAE as the platform scales.
